

Honda TRX 450 (06 - 07)

Slip-On Exhaust System

Akrapovic Slip-On Exhaust System

for the Honda TRX 450 (2006 - 2007)

With the Akrapovic Slip-On system we wanted to design a base-level exhaust system tuning component for TRX enthusiasts. The system is an excellent combination of performance, quality workmanship and affordability. The Akrapovic SLIP-ON is designed for two markets: for the US market it is equipped with an approved spark arrester, and for the EU and other non-US markets it comes with a noise damper.

PERFORMANCE

Measurements of the Akrapovic SLIP-ON system on the ATV HONDA TRX 450 (without noise damper or spark arrester):

Power & Torque: the advantage of the Akrapovic Slip-On can be felt most clearly at the bottom end and in the middle of the rpm range, where the increases in power and torque are the greatest. At the top of the range the Akrapovic curves follow the stock curves, with an increase appearing again in the overrev range. At 7700 rpm we measured a healthy 38.1 HP.

CONFIGURATION

The system is composed of a cylindrical stainless steel link pipe which is welded to the muffler. It is attached to the stock header assembly with a sleeve joint, which is secured with a metal clamp. The muffler is the offroad design, with a titanium outer sleeve, and the inlet cap, outlet cap and inner perforated sleeve made of stainless steel. The muffler is attached to the frame with an Akrapovic carbon-fiber clamp. The system is equipped with an approved spark arrester for the US market, and a noise damper for the EU market.

	PERFORMANCE		
	stock	AKRAPOVIC	max. increased power
max. rear wheel power HP / rpm (measured on Dynojet ATV)	37.6 / 7500	38.1 / 7700	2.9 / 3800

	CONFIGURATION		
	header tubes	collector	link pipe
material	-	-	STAINLESS STEEL
tube shape	-	-	CYLINDRICAL

interference crossover tubes	-	lambda sensor	-
header tube inner sleeves	-	header tube flanges	-
header tubes - collector connection	-	collector / header tube - link pipe connection	SLEEVE JOINT + METAL CLAMP
link pipe - muffler connection	WELDED	muffler inlet cap / outlet cap	STAINLESS STEEL / STAINLESS STEEL
muffler metal interior	STAINLESS STEEL	muffler outer sleeve	TITANIUM
muffler clamp	CARBON-FIBER OFF ROAD	muffler bracket	-
muffler insert	EU	NOISE DAMPER	-
	US	SPARK ARRESTER	catalytic converter

	ADDITIONAL DATA				
	stock	AKRAPOVIC		difference	
weight comparison (kg)	3.55	S.S. link pipe	TITANIUM link pipe	stock - S.S. link pipe	stock - TI link pipe
		1.85	-	1.70	-
noise measurements (dB / rpm)	stock		AKRAPOVIC		
	90.7 / 3750		98.2 / 3750 (without noise damper) 94.6 / 3750 (with noise damper - tuv 37)		
possibility of periodic service without removing A.E.S.	oil		oil filter		
	YES		YES		
legal for street use	NO
